Notes: This really is the **minimum** revision you should be doing; over Easter, we have added an additional subject into the revision plan. This will help you! However, this is now the stage where it's really what you choose to do... **they are your exams**. Think big picture – you will have lots of free time after your exams to relax and see friends (hopefully in the sunshine). **Make a difference to your exam grades NOW!** On this page you need to complete the subjects, based on those you have exams in.
